THE
DOCTORS'

Named after Drs John and Brigid Forrest, The Doctors' range is about innovation and excellence.

Alternative winemaking techniques and select parcels of fruit all qualify to create very special wines under this unique label.

Tasting Notes

Amazingly pungent Marlborough Sauvignon Blanc full of blackcurrant, tropical fruit and herbaceous aromas with a racy, crisp, off-dry finish. At a modest 9.5% alcohol; enjoy drinking this naturally made lower alcohol wine with lunch or anytime.
