Forrest Sauvignon Blanc

Forrest Sauvignon Blanc 2010

"Remember what Marlborough savvy used to be like before it came on tap? This is the real thing, zesty, mineral and perky, from one of the mainstays of the industry. It's only just landing now because it takes this long to make sauvignon properly."

Tyson Steltzer - Australia September 2011.

The Doctor's

The Doctor's Riesling 2010

"The Doctor's Riesling is always a good drink and the 2010 is no exception. Made in a medium style with aromas and flavours of lemons and limes. The fruit is luscious and there is considerable length on the palate. If you like a sweeter style of Riesling then this is for you."

"Moderately sweet but deliciously tangy Riesling with grapefruit, lemon and mineral

flavours. Very pure, focused wine that achieves good tension between acidity and sweetness."
