

# Spark

SAUVIGNON BLANC

## Profile

The grapes for this wine come from the Wairau Valley river gravels. Grown in these free draining and devigourating soils the vines produce only small berries and low crops, essential for producing premium Sauvignon Blanc grapes.

## Tasting Notes

A fruity, refreshingly crisp Marlborough Sauvignon Blanc, perfect to celebrate that special occasion. Leaps from the glass with passionfruit, lime and gooseberries aromas. Vibrant and crisp with a lively "spark" on the palate.

Serve chilled and enjoy!
